CONNECTING MEDIA PROFESSIONALS

Dear Member

ORGAN GOLD By Raju Chellam. Book launch by Singapore Press Club, in cooperation with the National Kidney Foundation. Also supported by the Foreign Correspondents Association (FCA) and the Institute of Public Relations of Singapore (IPRS)

Hear first-hand about the Dark Web, how the illegal organs business actually works, how organs are priced, who makes money, how much and why. Organ Gold is probably the first book to expose the business side of a nefarious trade from the broker's point of view.

Hear from the author himself, Singapore Press Club life member and former Business Times BizIT Editor **Raju Chellam**. Also on the panel are National Kidney Foundation CEO, **Tim Oei**, and **Aaron Tay**, who received a kidney from his younger brother about 10 years ago and is now living a life free of dialysis.

ST Press will offer ORGAN GOLD at a discounted price of \$20 nett. Payment by cash or Nets. All proceeds will go to the National Kidney Foundation. Raju Chellam will also autograph the book.

Event details:

Thursday, 8 November 2018

6.30pm - NKF Building, 81 Kim Keat Road, Singapore 328836
